Div. of Oil, Gas & Mining

Dear Lynn,

I received the stop work orders. Thank you for your patience this year, as we did not get men again this year and I have no way of reclamation without their labor and production. I must work another full-time job to meet my household needs and have no other source of money, as we discussed last fall. The transfer of funds from Lone Pine will cover additional surety for Sierra Starlight as soon as I get men next June. And we will only start with Lone Pine reclamation. You saw as per our agreement last fall that I did not quarry. Please accept this as my offer in good faith again, it's all I can do for now.

With sincere thanks and warm regards,

Barry Peterson
